

**IN ORDER TO QUALIFY FOR ABI
WAIVER SERVICES, YOU MUST:**

- be between the ages of 18 and 64
- have an acquired brain injury (not a developmental or degenerative disorder)
- meet the Department's "Level of Care" requirement
- be able to participate in the development of a Service Plan that offers a community alternative to institutional living.

An individual who has a conservator may still be able to participate in the program.

FINANCIAL ELIGIBILITY

To qualify, you must meet all technical, procedural and financial requirements of the Medicaid program.

- Gross income may not exceed \$1809 per month (eff. 1/1/06). There may be circumstances when you are required to contribute toward the cost of the ABI services.
- Countable assets may not exceed \$1600 for a single individual. In the case of married couples, a certain amount of assets over \$1600 may be protected for your spouse while he or she lives in the community.
- In determining countable assets, the Department does NOT include an owner-occupied home or a vehicle that is needed for employment, medical transportation, or for the transportation of

a disabled person.

LEVEL OF CARE REQUIREMENT

This means that, without waiver services, you would need to live in a nursing facility, a chronic disease hospital, or a long term Intermediate Care Facility.

SERVICE PLAN

If you meet the basic financial and programmatic eligibility requirements, a DSS social worker will work with you and your person-centered team to develop a Service Plan (see "Person-Centered Teams").

The Service Plan consists of those ABI covered services that will enable you to live in the community. If a proposed plan exceeds the funding limits established under the waiver, the Department will continue to work with you and your team to reduce plan costs to the available dollar amount. If this cannot be accomplished, your name will be placed on the Department's ABI waiting list.

PERSON-CENTERED TEAMS

The ABI waiver is based on a person-centered model. This means that you are the essential participant in developing a Service Plan that will fulfill your needs in the community.

After completing an assessment of your needs, the DSS social worker will assemble a person-centered team to help you develop an appropriate Service Plan and

to provide a continuing source of support to you after the plan has been implemented. The members of your team will always include you (and your conservator if you have one), a neuropsychologist, other clinical staff as necessary and any other persons you choose.

QUOTAS AND WAITING LISTS

The ABI program is not an entitlement program. This means that a limited number of individuals can be served. Individuals who apply after DSS has reached its quota will be assessed and, if they qualify for services, placed on a waiting list.

Each individual on the waiting list will be reviewed before any new applicant is added to the program. If an individual is passed over because his/her Service Plan is still too costly, the individual will retain his/her ranking on the waiting list.

THE INDIVIDUAL AS AN EMPLOYER

Under the ABI waiver, you are the employer of all your ABI service providers. As an employer, you are responsible for hiring/firing and paying your providers and, where appropriate, for paying FICA (Social Security), FUTA (federal unemployment), and other withholding amounts.

The Department has selected Allied Community Resources, Inc. to be the waiver program's fiscal intermediary. This means that they

will act on your behalf to help you carry out all your payment and tax withholding functions as an employer.

ABI COVERED SERVICES

A total of 19 services are available under the ABI waiver. These include:

Personal Care Assistance

Homemaker Services

Chore Services

Case-Management

Respite Care

Vehicle Modification Services

Pre-Vocational Services

Supported Employment

Environmental Accessibility Adaptations

Transportation

Specialized Medical Equipment and Supplies

Personal Emergency Response Systems

Companion Services

Transitional Living Services

Cognitive/Behavioral Programs

Home Delivered Meals

Community Living Support Systems

Independent Living Skill Training

Substance Abuse Programs

PROVIDER REGISTRY

Allied Community Resources, Inc. will maintain a registry of all providers who are qualified to provide ABI services. Qualifications for different types of providers are established by the Department of Social Services.

All providers are paid at the rates established by the Department.

Waiver request forms should be returned to:
